Epic1 Enterprise

Epic1 End-User Training Classes **End**

Epic1 End-User Training Classes End
- While the regularly scheduled E1E end user training classes have ended, the Epic1 Training Team added classes to the schedule to allow remaining staff to complete required Epic training.
- All required Epic E1E training should be completed by **Friday, Sept 23, 2022,** to have access updated for Go-Live.

Patient Movement E-Learning Bundle should be viewed prior to Go-Live
Viewing the Patient Movement E-Learning Bundle is beneficial but not required to have updated access for Go-Live.

The Patient Movement E-Learning Bundle is assigned to clinical staff that are impacted by E1E changes to patient movement workflows. Clinical staff assigned the Patient Movement E-Learning Bundle should view it by **September 23, 2022.**
  • Have your staff watch the E-Learning that pertains to them:
     o HIPGC010 Patient Movement Inpatient Units (15 minutes)
        ▪ Nurses, OB nurses, charge nurses, nurse managers, house supervisors, PCT, unit secretaries
     o HIPGC020 Patient Movement Emergency Departments (15 minutes)
        ▪ Nurses, nurse managers, techs
     o HIPGC030 Patient Movement Procedural Areas (15 minutes)
        ▪ Surgical, Cardiology and Radiology
Find additional information on the Patient Movement Training Resource page on Epic1.org.

➢ **For training questions, please contact the Epic1 Training Team (EpicProgramTraining@bjc.org)**

➢ For questions related to the Epic1 Enterprise (E1E) project as it affects Academic HSOs and RCM, email **EpicProgram@bjc.org**
