## **E1E Community Go-Live Readiness Toolkit Available** *Soup-to-Nuts E1E Go-Live Guide now online at Epic1.org*

In preparation the September 24, 2022, Epic1 Enterprise (E1E) Go-Live at all Community hospitals, the E1E Project team has developed an *E1E Community Go-Live Readiness Toolkit*. It is a comprehensive reference guide for Community HSO and RCM leadership and staff on the operational changes coming with the upcoming E1E Community Go-Live.

This toolkit can be found on [E1E Community Go-Live Info Hub \(epic1.org\)](https://epic1.org). To view or download a copy [click here](#).

### **Provided in the Go-Live Readiness Toolkit**

- Examples of potential Go-Live issues and how they are communicated to the E1E Help Desk.
- Tip sheets and other [communication updates](#) to reference ahead of Go-Live.
- Support staff in place to help troubleshoot at and during Go-Live.
- What to expect after Go-Live, as provider and staff needs shift from issue resolution to user workflow enhancements.
